THE AMERICAN PRESS ASSOCIATION

We knew it! Man never yet started anything that didn't require the assistance of a woman to finish. Women in the community club is a step in the right direction.

The liveliest town in this section is Monett. Everyone says so. Nowhere else is there so much building of substantial homes and business houses. No boom either, just healthy growth.

Tourists through Monett remark on the beauty of the town, with its magnificent trees and well kept lawns. Next year we hope to have beauty spots scattered all over the town, wherever there is a vacant lot, which will add to its attractiveness. A city park will also help to leave a good impression.

A recent edition of the Minneapolis Journal had a picture of a boy frying an egg on the sidewalk by the heat of the sun. Why go north for cool climate when you can stay in the Ozarks and enjoy the cooling breezes and the wonderful nights.

Our citizens are showing hospitality to the tourists who pass through Monett on their way to Ozark resorts. That's the way to attract them to the best town in the southwest.

ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.
